Frequently asked questions – general questions

Q: How will AkzoNobel ensure that virtually attending and voting at the AGM will be without issues?
A: AkzoNobel offers the application through third parties that have gathered experience with organizing these hybrid and virtual shareholders meetings in- and outside the Netherlands. Even though AkzoNobel has given its best efforts to ensure that shareholders are offered a best-in-market service, it cannot guarantee that shareholders may experience issues that are common to any first-generation innovative application.

Q: Is AkzoNobel moving to a virtual-only annual general meeting?
A: No, as Dutch law still prescribes that a physical shareholders’ meeting must be held.

Q: Will all upcoming shareholders’ meetings of AkzoNobel be in hybrid form?
A: AkzoNobel may decide, at its own discretion, for each shareholders’ meeting separately whether the possibility of online participation will be provided next to in-person access.

Q: Are there any rules and conditions applicable to the AGM?
A: Yes, we refer to our Hybrid Meeting Terms which can be found here. The Hybrid Meeting Terms apply to shareholders who participate at the AGM via the online platform.
Q: Why should I choose for online participation when I can grant a proxy voting instruction as I did before?
A: When you participate online, you will be able to take into account the deliberations (just before and) at the AGM before you decide how to vote. If you grant a proxy voting instruction your vote has, in fact, been made before the meeting takes place and you will only be able to change your voting instruction until the close of registration, being April 16, 2020 at 6:00 p.m. (CET).
